

March 7, 2024

There is a limited lifetime warranty on the vinyl fence products to be free from defective workmanship and materials, and when subject to normal and proper use, against surface peeling, rot, splitting, corrosion, flaking, rusting, blistering, abnormal weathering, and abnormal discoloration.

This warranty covers only the repair and/or replacement of materials/products, and specifically does not cover the cost of removing or disposing of any product, or the cost of installing any replacement product furnished under the terms of the warranty.

There is no warranty for gates, removable sections and double drive gates. Gates must be properly secured during exposure to storm related winds. If gates are blown backward due to lack of properly securing, stress will result, causing fracture and/or weld separation that will not be covered under warranty. The time period of this warranty begins on the date of the installation of the product.

Damage from abnormal or improper use or design, accident, alteration, neglect, abuse, abrasion, air pollutants, improper service or installation, or damage caused by flood, fire or act of God is not covered by this limited warranty. Use in harsh industrial, coastal or marine environments is not warranted.

New England Fencing offers 3 years on our labor and installation. This may include any defects in workmanship, installation errors, or issues that arise due to faulty installation.
